

# RETHINKING PRODUCT PROTECTION

## PROTECTIVE PACKAGING CHAIN

» REDUCES COSTS  
REDUCES DAMAGE

Introducing the  
eco-friendly,  
cost-effective  
flexible protective  
packaging

flexicomb™

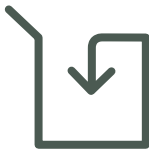

PATENT  
PENDING  
No. 61/288,922

**Re** RECYCLED  
REPULPABLE  
RECYCLABLE

**FIBER  
SMART** TECHNOLOGY

## PRODUCT ADVANTAGES

- » Flexible protective packaging system that eliminates damage during transportation and handling
- » Provides cost-effective, eco-friendly alternative to traditional protective wrapping material
- » Reduces the number of packaging components
- » Suitable for irregularly shaped products
- » Purpose-designed FiberSmart paperboard technology:
  - No loss of compression
  - Water resistant
  - Cohesive coating option available

# PRODUCT PROTECTION

## Business Advantages

- Made of recycled material, 100% recyclable
- **Cascades** is committed to innovating and creating eco-friendly protective packaging
- Reduced overall operating costs
- Reduced number of SKU's needed on inventory
- Compatible with automation equipment
- Paperboard Waste Recovery – Closed-Loop Recycling Program availability

## Product Applications

- Automotive Parts
- Large Appliances
- Office / Home Furniture
- Food & Beverage
- Direct Shipping (courier)

## Technical Specifications

- Standard roll width: 48"

Product Line	Product Code	Cohesive Option	Strength Level	Technicomb Cell			Paperboard Liner	
				Weight	Height	Diameter	Top	Bottom
